### Ice Skates

**[Florence, WI]**- Northern Wisconsin winters can be long and hard on both physical and mental health. Is there a way to help the youth's health during these months? The Florence County Health Department recently gave away four pairs of ice skates to Florence Elementary students as a way to promote healthy physical and mental health habits.

Promoting healthy is an important habit to start creating at a young age, as children can continue these habits onto adulthood. By creating these habits, children can start to address healthy relationships, learn how to set boundaries, and overall help develop their skill building abilities.

Listed left to right: Caitlyn Kelley (AODA/MH Student Intern), Jaidyn Lindow, Corbin Shaw and Riley Kuzmic. Missing is Maci Bonetti (out sick)
