### **Basketballs available at Florence Library**

**[Florence, WI]**- Florence County Library and Health Department have partnered to provide basketballs for free use during these mild temperatures. The basketballs can be signed out during regular library hours for the community. One aim of the Florence County Community Health Improvement Plan is to ensure all adolescents reach optimal health and wellness for successful progression into adulthood. Creating equitable access to healthy activities supports this goal.

Lacey Enders, a Bachelor of Science - Nursing student, is completing her community health clinic internship with the health department over her Winter break. She attended Florence high school where she played basketball, softball and volleyball. Lacey is providing the library with the basketballs.
